What is Versatility Ranch Horse?

It is the fastest growing family equine activity nation wide.

Five years ago Doubletree Horse Farms in Delta started putting on several shows and it has been growing ever since. In 2009 there will also be affiliate shows in Rifle and Saluda Colorado. All together there will be 8 shows next year. Versatility is popular as a family sport and is aimed at the normal recreational rider rather than the professional. Divisions are set up for youth and beginners to encourage even the entry level riders to something fun to do with their horse. Because of rising costs, here at Doubletree we find ourselves under constant pressure to raise entry fees and offer less in incentive prizes. We have turned to sponsorships to help out with awards. We are greatly appreciative of those businesses and individuals that have and continue to support us with their donations. With out our sponsors the participation would be less as more families would not be able to justify the cost of the whole family showing. We are growing and that means two things: One is that we must be doing something right and Two our costs and needs are rising as well. And that is why I am sending you this request for your participation in our sponsorship program. Most of our participants are local residents and so sponsoring is something you will get back in patronage to your business. And of course you know being civic minded as you are makes not only the community stronger but also comes back to reward you over and over again.

All of our sponsors are mentioned in our monthly news letter, at all of our shows, and on our website. We also will put up any posters or banners you would like to provide at our facility to give you even more visibility.

I am sorry that I cannot come to you in person to make this request. But as I know your time is limited and valuable I thought maybe when you have the time to review this request you could at your convenience give me a call and I could answer any questions you might have. If you have never been out to our facility you are invited to come out anytime for a tour. I open to and would entertain any suggestion of a sponsorship that you feel would fit your needs better.

The following is a list of sponsorship options:

Year End Awards:

1. **Saddle Sponsor for Youth** ages 13-18 and Youth 12 and Under \$650 each division (This may be split between two or more cooperating businesses if you like) Your name will appear on the saddle and we would like for you to present it at the awards meeting.
